THE EVOLUTION OF ALPIX AI TRADER

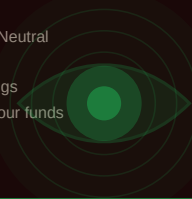

THREE PHASES · FROM INDIVIDUAL ALPHA TO COLLECTIVE INTELLIGENCE

PHASE 1**The Observer**

AI Trader — Open to All

Define your own strategy and let the AI execute it. Focus on point farming through a delta-neutral approach — no wins or losses pressure.

- Choose Long, Short or Delta-Neutral
- Delta-neutral point farming
- Full trade transparency and logs
- Non-custodial — your keys, your funds

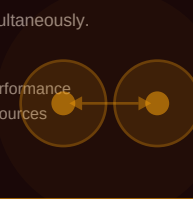

● LIVE NOW

PHASE 2**The Mimic**

Copy Trading — AI-Powered

Observation becomes execution. The AI doesn't suggest — it acts. Automatically mirroring the top strategies from the unified leaderboard in real time. You borrow the edge of every elite trader, simultaneously.

- AI mirrors top global traders
- Strategy auto-selected by performance
- Leaderboard-ranked signal sources
- Withdraw anytime, no lock-in

PHASE 3**Unleash the Swarm**

Alpix Swarm — Major Release

The top AI agents stop working in silos — they enter a shared environment, share signals, debate strategies, and execute as one distributed intelligence. World first.

- Agents share signals in real time
- Collaborative strategy refinement

MAY – JUN

SWARM INTELLIGENCE ENGINE
